

Poster Guidelines

PREPARE YOUR POSTER:

The maximum poster dimensions are 44 1/2" width x 42" height.

Font size: The size of the characters for the title should be at least 0.8" (2 cm) high. To ensure readability of the rest of the text, please use at least 0.4" (1 cm) font size.

Poster Content: Each poster must have a top label indicating the title of the poster, the names of the authors and their affiliations. We recommend including simple headings like "Introduction", "Materials & Methods", "Results", "Discussion & Conclusions" and "References".

POSTER SETUP:

This year, the posters will be divided into two groups and will be on display in the Regency Ballroom.

Material to affix your poster to the display boards will be provided to you by the conference and will already be on your poster board when you arrive. Please look for your poster number in the conference web app to know where to hang your poster.
