Dalhousie University - Office of the Vice President Research and Innovation

Website: www.dal.ca/research

For more than two centuries, Dalhousie University has been building an environment that enables researchers to think big, innovate and make discoveries that benefit society locally, nationally and around the world. We aspire to create a healthier, more sustainable and brighter future for us all.

DALHOUSIE
UNIVERSITY

Eisai

Website: <https://ca.eisai.com/en-CA>

Contact Person: Ms Estelle Simo
Email: Estelle_SimoCheyou@eisai.com
Phone: 514-349-8531

At Eisai, human health care (hhc) is our goal. We give our first thought to patients and their families and to increase the benefits that health care provides. Our passionate commitment to patient care is the driving force behind all our efforts.”

GSK

Website: <https://ca.gsk.com/en-ca/>

Contact Person: Ms. Nadine Beganovic
Email: nadine.e.beganovic@gsk.com
Phone: 437-518-5534

GSK is committed to maximizing patient survival through transformational medicines with a current effort on breakthroughs in oncology, including gynaecologic cancers, some of the most common cancers affecting women. We are focused on developing medicines both as monotherapies and in combination for a variety of cancers, including ovarian and endometrial.

MDPI - Academic Open Access Publishing since 1996

Website: <https://www.mdpi.com/>

Contact Person: Karen Irwin-Dennis
Email: karen.irwin@mdpi.com
Phone: 416-860-6238

A pioneer in scholarly, open access publishing, MDPI has supported academic communities since 1996. Based in Basel, Switzerland, MDPI has the mission to foster open scientific exchange in all forms, across all disciplines. MDPI publishes over 98 journals that are ranked as high impact within their fields. We serve scholars from around the world to ensure the latest research is freely available and all content is distributed under a Creative Commons Attribution License (CC BY).

Merck AstraZeneca Alliance

Website: www.lynparza.ca

Contact Person: Doug Samuelson
Email: doug.samuelson@merck.com
Phone: 902-456-7511

AstraZeneca and Merck & Co. pharmaceutical companies have a global strategic oncology collaboration to co-develop and co-commercialise AstraZeneca's Lynparza (olaparib) for multiple cancer types.

Ovarian Cancer Canada

Website: <https://ovariancanada.org>

Contact Person: Tania Vrionis
Email: tvrionis@ovariancanada.org
Phone: 226-758-7114

At Ovarian Cancer Canada, we reject the notion that ovarian cancer can't be eradicated. We are here to demand action, deliver change and transform lives. We will not rest until women are able to love their lives freely, fully and uninhibited by ovarian cancer.

OVCARE & The Gynecologic Cancer Initiative

Website: www.gynecancerinitiative.ca

Contact Person: Dr. Michelle Woo

Email: miwoo@bccrc.ca

Phone: 604-762-1565

The Gynecologic Cancer Initiative brings together researchers, clinicians, patients, and community partners to advance prevention, detection, treatment, and survivorship of gynecologic cancers. With a vision to halve incidence, death, and suffering by 2034, we drive transformative research - impacting patient care today and shaping future advances in gynecologic cancer health.

STEMCELL Technologies

Website: <https://www.stemcell.com/>

Contact Person: Aidan Conte

Email: aidan.conte@stemcell.com

Phone: 778-809-7583

STEMCELL Technologies is Canada's largest biotech company, providing high-quality cell culture media, cell separation technologies, instruments, accessory products, and educational resources to scientists around the world working on stem cell, immunology, cancer, regenerative medicine, and cellular therapy research.

The Society of Gynecologic Oncology of Canada

Website: <https://gyneoncology.ca/about-goc/>

Contact Person: Cidalia Sluce

Email: csluce@gyneoncology.ca

Phone: 888-496-3662
