

**Principal Investigator and Institution:**

**Research Engagement Details**

**Outline your reasons to engage with patient partners (check all that apply).**

- Gather ideas for new research directions based on patients' needs.
- Ensure the research question is relevant to patients' interests and concerns.
- Include diverse perspectives when developing research project aims.
- Collaborate to develop research methods that are acceptable and sensitive to research participants.
- Ensure the language and content is appropriate and accessible to patients.
- Ensure transparency and accountability in research.
- Increase dissemination and uptake of research findings.
- Meet funder requirements.
- Other: \_\_\_\_\_

**Please provide a lay summary of your research project (300 words max).**

**Outline the type of lived experience and perspectives needed for this research engagement (e.g., ovarian cancer type, experience with a certain treatment, lives in a specific geographic area).**

**What stage will the patient partners begin to participate in the research process? How long will the patient partners be involved for? (e.g., one time engagement, regular meetings)**

**What will the role of the patient partner(s) be? How will their input be used in the research process?**

**Please provide a point of contact (name and email) other than the Principal Investigator.**

**Outline the expected commitment required for this research engagement including meetings and time to review research documents i.e., the anticipated hours per month.**

- 1-2 hours/month
- 3-5 hours/month
- 5-10 hours/month
- 10-20 hours/month
- >20 hours/month

**Will the patient partners be compensated?** *Note: this is not a requirement; however, patient partners should be aware from the beginning.*

**Will Ovarian Cancer Canada need to provide task-specific training to best prepare the selected patient partners? If yes, please provide details.**

**Please provide institutional research ethics certificate number and expiry date. If pending, please send to [atone@ovariancanada.org](mailto:atone@ovariancanada.org) when approval is received.**
