

**Principal Investigator and Institution:**

**Research Engagement Details**

**Outline your reasons to engage with patient partners (check all that apply).**

- Gather ideas for new research directions based on patients' needs and priorities.
- Ensure that the research question aligns with patients' interests and concerns.
- Integrate diverse perspectives in the development of research project aims.
- Collaborate in the development of research methods that are ethical, sensitive, and acceptable to research participants.
- Ensure language and content are clear, appropriate, and accessible for patients.
- Promote transparency and accountability in research.
- Increase the dissemination and uptake of research findings.
- Comply with funder requirements.
- Other: \_\_\_\_\_

**Please provide a lay summary of your research project (300 words max).**

**Outline the specific lived experiences and perspectives required for this research engagement (e.g., type of ovarian cancer, experience with a particular treatment, residency in a specific geographic area).**

**At what stage will the patient partners begin their involvement in the research process? How long will their engagement last? (e.g., one time engagement, regular meetings)**

**What will be the role of the patient partner(s), and how will their input contribute to the research process?**

**Please provide a designated point of contact (name and email) other than the Principal Investigator.**

**Outline the expected commitment for this research engagement, including meetings and time to review research documents (e.g., anticipated hours per month)**

- 1-2 hours/month
- 3-5 hours/month
- 5-10 hours/month
- 10-20 hours/month
- >20 hours/month

**Will the patient partners be compensated?** *Note: While compensation is not required, patient partners should be informed of this upfront.*

**Will Ovarian Cancer Canada need to provide task-specific training to effectively prepare the selected patient partners? If yes, please provide details.**

**Please provide the institutional research ethics certificate number and expiry date. If pending, please send to [jlawson@ovariancanada.org](mailto:jlawson@ovariancanada.org) once approved.**
